

Handybin Waste Services is a local, Australian-owned company that has been servicing the Coffs Coast region for the last 15 years.

Handybin is the largest waste services provider on the North Coast. We provide domestic waste collection services to over 40,000 properties on the Coffs Coast as well as a complete range of commercial waste and recycling services to businesses and institutions.

Handybin has the following commercial waste and recycling services available:

- Mixed Waste (Garbage) Collection
- Recycling Services including:
  - Paper and Cardboard (including Office Paper Recycling)
  - Mixed Recycling
  - Organics (Foodwaste and Greenwaste)
  - Glass Bottle Bins

***Handybin offers a free no-obligation quote and assessment of your waste management services - we can provide complete waste management solutions for you, tailoring a waste system specific to your needs.***

## MIXED WASTE (GARBAGE)

Handybin provides a frequent, reliable and efficient mixed waste service to businesses large and small. Systems Available:

- Bulk steel bins in a variety of sizes; 1m<sup>3</sup>, 1.5m<sup>3</sup>, 3m<sup>3</sup>.
- Compactors for large waste generators
- Skips and hooklift bins for temporary use
- Wheelie bins for small businesses

# RECYCLING SERVICES

A significant amount of business waste is recyclable. It is estimated that up to 90% of business waste is recyclable, with the majority consisting of paper and cardboard followed by co-mingled recyclables and organic waste. You can achieve significant savings in waste costs through recycling.

## PAPER AND CARDBOARD

Take advantage of Handybin's very competitive paper and cardboard collection and recycling service. Systems available:

- Bulk steel bins in a variety of sizes (1m<sup>3</sup>, 1.5m<sup>3</sup> and 3m<sup>3</sup>).
- Plastic bulk bins for difficult access areas (660 litre & 1100 litre).
- Compactors/balers for large waste generators.
- Wheelie bins and desk crates for office paper recycling.

## MIXED RECYCLING SERVICES

Mixed recyclables include: steel & aluminium cans; paper & cardboard (non-waxed); plastic bottles and containers (marked 1-5) and glass bottles and jars.

- Collection in 660 litre and 1100 litre plastic bulk bins.
- Steel (rear-lift) bulk bins for large quantities of recyclables.
- Glass bottle bins available for large amounts of glass (ideal for Clubs, Pubs and Restaurants).
