Your Local Waste Company

Complete Waste Management Solutions  
for the **COFFS COAST REGION**

## Our Company

Handybin Waste Services is a local, Australian owned company that has been servicing the Coffs Coast region for the last 15 years.

Handybin is the largest waste services provider on the North Coast. Each week we provide waste collection services to over 40,000 homes and businesses on the Coffs Coast. We also offer a complete range of commercial waste and recycling services to businesses and institutions.

Handybin operates a state-of-the-art recycling facility at the Coffs Coast Resource Recovery Park and employs over 60 local staff in collection, processing and administration roles.

## Commercial Waste and Recycling Bins

Handybin Waste Services provides a complete range of commercial waste and recycling collection bins. Depending on your requirements we are able to offer garbage, recycling and organic waste bins in a variety of sizes including:

- 240 and 360 litre wheelie bins
- 660 litre, 1100 litre & 3.5m<sup>3</sup> rear-lift bins
- 1.0m<sup>3</sup>, 1.5m<sup>3</sup> & 3.0m<sup>3</sup> front-lift bins

## Skip Bins

Handybin Waste Services provides a complete range of skip and hooklift bins from 2m<sup>3</sup> - 37m<sup>3</sup>. We can provide you with the right skip for any job big or small - from a household clean-up to a construction site. Ask our staff about source separating your waste on-site as this could provide you with lower disposal fees associated with your alternative wastes.

## Liquid Waste Disposal

Handybin Waste Services provides complete liquid waste collection and disposal, servicing septics, grease traps and interceptors.

## Waste Assessment

Handybin Waste Services can provide a FREE, NO OBLIGATION assessment of your waste disposal requirements and tailor a complete waste solution for your business from source separation to collection. Optimising your waste service can achieve efficient, cost-effective and environmentally-friendly results.

## Event Waste Management

Handybin can assist you in providing efficient and effective waste management at your next event. Flexibility of service and recycling options can help you achieve optimal waste management.

## Other Services

Handybin has additional services available including: education services, waste processing facilities, bottle bins, greenwaste, bulky goods clean-ups and office paper recycling.
